

COMPACTOR V110D

SETTING THE BENCHMARK

- Industry-leading compaction
- Unmatched gradeability – up to 36%
- Market leading centrifugal force

OPERATOR FOCUS

- Advanced comfort features
- Fully adjustable 90° rotating swivel chair
- Air conditioned operators cab (optional)

RELIABILITY YOU CAN TRUST

- Heavy duty 32 mm drum delivering outstanding compaction quality
- Proven FPT engine technology
- World-class components

COMPACTOR VI 10D

		VI 10D
SPECIFICATIONS		
ENGINE		
Make & Model		FPT S8000 - TIER 3
Type		4 Stroke turbocharged aftercooled
Number of Cylinders		4
Displacement	l	3,9
Bore/Stroke		104 X 115
Max. power	hp	110
SERVICE CAPACITIES		
Fuel tank	l	235
Hydraulic Tank	l	70
Engine crank Case	l	9,1
Engine coolant	l	15
STEERING		
Steering System	l	Articulated Hydrostatic steering
VIBRATION SYSTEM		
Type	l	Variable displacement piston pump
Frequency	Hz	31/34
Amplitude	mm	0,8/1,8
Centrifugal force	kg	26815
